When I rise

When I rise

SOLO

One of these mornings 'bout twelve o'clock

This whole world's gonna reel and rock

One of these mornings so bright and fair

Gonna hitch on my wings and I'll try the air

Meet me Jesus meet me in the middle of the air

If my wings should fail me meet me with another pair

Two white horses riding side by side

Low your chariot and let me ride

One of these mornings and it won't be long

You'll look for me, child, and I'll be gone

I'm goin' up to heaven to sing and shout

There'll be no body there to turn me out

Gonna talk to the Father, gonna chat with the Son

Tell them about this whole world I've just come from

I'll look up to David in the heat of the day

Tune up my harp child and then I'll play

Shake hands with Moses Ruth, Luke Esther and John

Tell them about this tedious journey I done run

Gonna go a little further and meet my Father

With Frederick Douglas and Sojourner Truth

Walk down by the river and meet Harriet Tubman
Her battle's been fought and her victory done won
All the Saint's gathered around God's sacred throne
They shout Hallelujah and welcome me home
Wanna rise wanna rise... (to end)
